About Outback Metals Limited

Outback Metals holds 7 granted exploration tenements totaling over 1,600km² and 10 applications for exploration licences for over 2,000km². The company also has 40 mining leases and mining claims, where previous miners have mined and produced saleable metal in the form of concentrate. Its primary target is tin with secondary targets including gold, uranium and copper.

Outback Metals' objective is to reach production by 2010 from two advanced projects, Mt Wells and Maranboy, both with a history of small scale mining over many years. These projects have excellent access to infrastructure including bitumen and all weather roads, rail, power, water and gas.

The immediate priorities are to commence drilling with a view to estimating resources at both projects and to commence a scoping and final feasibility study.
